Complete Tree Health Management

ABOUT ACTC: The Arizona Community Tree Council is a non-profit organization that promotes communication and the exchange of information about trees and the essential role they play in the well being of all Arizona communities.

The Council is composed of representatives from individual Arizona counties, tribal communities, government agencies, professional organizations and other individuals who have a statewide interest in the Council's mission.

The Council serves in an advisory capacity to the State of Arizona Forestry Division.

OUR MISSION: To encourage and facilitate the planting and care of trees in Arizona by identifying, developing, monitoring and distributing resources on trees and promoting public awareness and education for the betterment of our environment.
